Ocotea Oil: Miracle Oil of the Amazon

(The following is based on an article circulated by the RAINBOW FOREVER TRUST, healthy-wealthy@att.net)

Ocotea essential oil is extracted from the flowers of the Ocotea quixos tree which is native to the deep Amazon. It has manifested the following properties for some individuals. It is available only from Young Living Essential Oils. It is a Godsend for many people with sugar metabolism problems.

1. Lowers Blood Sugar* (Try taking 1-3 drops under tongue every 10 min until blood sugar is normal.)
2. Disinfectant
3. Anesthetic
4. Antidiarrhea
5. Antibiotic (transcinnamic aldehyde)
6. Anti-inflammatory (has sesquiterpenes)
7. Can Eliminate Candida and streptococcal infections
8. Works with the liver; balancing metabolism

TESTIMONIALS

(NOTE: The following testimonials have not been verified and are listed for anecdotal value only.)

1. Of 88 children tested- 66 had parasites, 22 had parasites and Candida. 1 drop Ocotea in 8 oz glass of water and diffused. Killed both parasites and Candida.
2. Helps with weight loss. Reduces cravings in the evening-1 drop in evening.
3. Clears fungus on foot. Tea tree didn't work, put on Ocotea just once. 3 days later, the fungus was dead with just one application.
4. 69 year old female, couldn't lower glucose below 150. Ingested 3 drops of Ocotea. Immediate change down to normal. It has been working for her since July. When she gets stressed, glucose goes up. She uses Ocotea, and brings it down. No side effects and feels better than when on the meds. 4 drops sublingually (under tongue) 4x a day for type 1 diabetic. She says she loves the energy it gives her. She's able to focus.
5. One person had a fungal infection on neck and forehead. No creams helped. Dark stain on skin. Tried clove oil. Added Ocotea-50-60% better in a few weeks, and she's had the fungal infection for years.
6. 67 year old female low energy, grumpy, irritable, not feeling well. Couldn't think clearly, cold. Blood sugar 340 on 4/21. Supplements plus Ocotea. By 4/28 down to 210, by 5/7 blood sugar was 140. Such a small amount of Ocotea and such great effect.
7. Impacts emotional state, by insulin balancing, weight release.
8. Janet got diabetes 3 months after being vaccinated at age 4. Continues to improve with Ocotea, proving medical science incorrect. Juvenile diabetes can be corrected!

* NOTE: Many people have found benefits in regulating their blood sugar with Ocotea Oil. However, high blood sugar or diabetes can be due to several different causes, not all of which respond to Ocotea Oil. One will need to experiment on one's self to see if Ocotea is effective in their case or not. The oil is safe to ingest a few drops at a time. No harm can come by experimenting.

How to Obtain Ocotea Oil:
